Home for the Holidays...

GOLDIE'S STORY

Gentle *Goldie*, 8 years young, was surrendered to a LI shelter because her owner couldn't afford to fix a medical condition known as cherry eye. Forgotten Friends immediately rescued Goldie, paid all her vet expenses and placed her with a loving foster family where she remained for 5 months. Soon, at a Forgotten Friends' Pet Adoption Day, a local Senior Center employee came looking for an older dog with a sweet disposition to act as a friend and companion to the seniors. Goldie was introduced to the residents at the Sunrise Assisted Living Center in East Meadow where she was made to feel right at home. The seniors fell in love with this warm and friendly "youngster" and today Goldie welcomes everyone who walks through the door. Goldie also enjoys playing with the two resident cats "on staff." Goldie is finally, and happily, HOME FOR THE HOLIDAYS and for the rest of her years.

MOLLY'S STORY

Forgotten Friends rescued 2 year old *Molly* from the Brooklyn ACC where she was on its euthanasia list due to lack of space. Molly's original family moved and could not take her with them. Laura, a Cat Coordinator, made sure Molly was rescued by Forgotten Friends' foster program. Laura soon received a call from an upstate NY couple who wanted to meet Molly. After filling out an adoption form and receiving an excellent vet reference check, Forgotten Friends took Molly upstate to meet her potential new family and do a home check. It was the perfect match! Molly was adopted by this wonderful family who continue to treat her tenderly and lovingly. And like Goldie, Molly is finally, and happily, HOME FOR THE HOLIDAYS and for the rest of her years.
